

- Trim or remove damaged branches or trees prior to hurricane season.
- Secure rain gutters and downspouts and clear away any clogs.
- Look into purchasing a portable generator in case of power outages.
- Designate a safe room everyone can reach.
- Familiarize yourself with local hurricane evacuation routes.
- Put together a bug-out bag with flashlight, batteries, first aid, etc.
- Purchase necessities like water and food in the event that roads are closed.
- Consider hurricane shutters for your windows.
